February, 1972

FILMED FROM BEST AVAILABLE COPY

INTRODUCTION

This selected bibliography of materials dealing with drug abuse education is designed to accompany a circulating preview collection. The collection will be displayed at various locations throughout the State to be utilized for examination and first-hand evaluation of comparable materials prior to purchase. Included are materials in a variety of formats on both professional and student levels. Publishers throughout the nation have been especially cooperative in submitting materials to the Bureau of School Libraries for consideration for inclusion. The collection, then, is composed of acceptable materials submitted by those publishers. 16mm film, however, have been excluded from the bibliography since they were not made available for the long-term preview needed for the collection to circulate. Periodicals are excluded as are many materials that are currently out of print.

The Bureau suggests that all the materials be examined by a joint group of administrators, health teachers, librarians, students and professionals in the social science and medical fields. While all the materials are recommended for consideration for purchase, care must be taken in the acquisition of certain materials for specific groups of users.

The bibliography is arranged in sections to give both an overview and sources in specific subject areas as follows: Mental Health-Personality Development; General Physical Health; Drug Abuse Education-Sources of General Information; Alcohol and Barbiturates; Cigarettes, Glue and Other Inhalants; Hallucinogens-LSD; Hallucinogens-Marijuana; Heroin and Opiates; Stimulants; Drug Addiction-Treatment and Rehabilitation; Drugs and the Law; 16mm Film Selection Aids. The numerals refer to the items in the collection.

MENTAL HEALTH -- PERSONALITY DEVELOPMENT

16mm FILM SELECTION AIDS

Many excellent 16mm films are available for use in the area of drug abuse education. Previewing is essential for wise selection of these films for the particular audience involved. While the Bureau previewed a number of films through the courtesy of distributors, it is unfeasible to include them in this long-term circulating collection. Following is a list of selection guides with evaluative comments.

325 Drug Abuse Films; 2d ed. Washington: National Coordinating Council on Drug Education.

326 Film Listings. Albany: Narcotic Addiction Control Commission.

53* Mental Health Materials Center. IRC Recommends Selective Guide. New York: Mental Health Materials Center, 1969____.

327 New York State Education Department. Film Modules for High School Students. (Pamphlet). Albany: Bureau of Mass Communications, Education Department, 1971.

328 99+ Films on Drugs. New York: Educational Film Library Association, 1970.

329 Selected Drug Abuse Education Films. (Pamphlet). Rockville: National Institute of Mental Health.

*Brochure only included in display.
